McFarland Cascade and Bearcat Builders team up for Home and Garden Show
Decking experts to help consumers plan outdoor living spaces

Boise, Idaho—McFarland Cascade, premier distributor of decking and railing products, will join Boise-based Bearcat Builders at the Boise Spring Home and Garden Show March 13-16.

Bearcat Builders, a McFarland Cascade certified contractor, provides quality design and construction of outdoor living spaces, including decks. At booth number 88, the company will display some of McFarland Cascade's most popular decking products, including StoneDeck and its complete line of Extreme Tropical Hardwoods.

John Hedges, area sales manager for McFarland, will be on hand to answer questions, provide general estimates, and to help you plan your next outdoor living project.

Featured in the September 2007 Remodeling magazine and May 2007 Builder and Developer magazine, McFarland Cascade's **StoneDeck** is light-weight natural stone tiles backed with a high-strength composite will install on standard above ground deck frames with no additional substructure required. Stonedeck can be used for an entire project or as an accent.

McFarland Cascade's **Extreme Tropical Hardwood** line offer richness and durability that choosy customers appreciate. Their dramatic grains and distinctive colors can add value and elegance to any home, while their natural resistance to fungi and termites offer maintenance benefits. It's available in Tigerwood, Brazilian Redwood, Merbau and Angelim.

Other McFarland Cascade's products include these premier decking and railing lines:

- **RhinoDeck®**—Recognized as a quality wood alternative in the building industry, this composite decking system is comprised of 50 percent recycled high-density polyethylene (HDPE) and 50 percent recycled wood fibers. People who have used RhinoDeck have helped America recycle more than 1 billion plastic containers a year. It's splinter free, requires no painting or staining and installs like traditional wood.

- more -

- **Xtendex®**—A rice-hull-based composite that naturally resists insects and mold, Xtendex features the Quick Clip no-visible-screw building system. This wood-free choice is more stain and scratch resistant than most other composite options and installs in up to half the time. It combines principals of conservation with practical engineering and ease of use.
- **Royal Trim Board®**—Ideal for new construction and remodeling, Royal Trim Board is made of 100 percent Cellular Vinyl PVC™ to stand up to severe weather and harsh seasonal conditions. It also offers design versatility with unmatched Poly Select® surface durability.
- **DrySnap and Rain Escape**—Homeowners can maximize outdoor living spaces—even during rainy days—by transforming unsightly under-deck overhangs into dry and attractive usable spaces. Gain an outdoor living room or a dry storage space for lawn and gardening equipment, bikes, and more.

For more information, or to receive McFarland Cascade's catalogue featuring its complete line of products, call (800) 426-8430, or download it online at www.mcfarlandcascade.com.

Contractors also can learn about McFarland's unique contractor certification program on the company website. The program provides web-based referrals, co-op advertising, home show opportunities and more.

Tickets to the Boise Home and Garden Show are \$5 for adults, \$4 for seniors and free for children 12 and under. Show hours are 5-9 p.m. Thursday and Friday, 11 a.m.-9 p.m. Saturday and 11 a.m.-5 p.m. Sunday.

At McFarland Cascade, the best outdoor projects start with the best materials. A manufacturer and distributor of pressure-treated consumer lumber, composite decking and other products that are sold through quality retailers throughout the West, the company began as a producer of poles and pilings in Sandpoint, Idaho in 1916.
